DATED BANGALORE, 5th May 1900

No. 2813/Genl

From

THE PLAGUE COMMISSIONER IN MYSORE.

To

The Secretary to the Government of Mysore Rev. General Depts.

SIR,

I have the honor to submit herewith for the orders of Government (in letter No. 1827 dated 1st May 1900 (in original) from the Deputy Commissioner Hassan District, soliciting sanction to appropriate from the Sanitary Grant of Rs 5000/- sanctioned from Local Fund & General in Govt. Pro No. 6210-20 & 28th Nov. 1899 on account of rural Sanitation in the District a sum of Rs 1200/- for improving the Sanitation of the marginally noted minor municipalities in the District

Vide 90 of 1877 & D. 7. 93-97

	amount Rs
Channapatna	400
Banavara	150
Hankalli	200
Grama	300
Konanur	150
Total Rs	1200/-

earliest opportunity of visiting some more villages which are notoriously unsanitary and take early steps for their improvement before the close of the current year.

3 I may now, however be permitted to urge the special claims of the marginally noted minor municipa- -lities in this District, whose finances do not admit of any improvement being effected in respect of their sanitary conditions. Being small municipalities their resources are incapable of appreciable develop- ment, but all the same, the in- -terests of people require to be con- -sidered. The peculiar feature of these municipalities is the existence of fort-walls and trenches which are veritable hotbeds of nuisance Foremost among these is the municipality of Chennarayapatna which though comparatively large is poor An estimate amounting to Rs 2874/- for

1. Chennarayapatna
2. Banavara
3. Hassanbad
4. Gorur
5. Honnavara

for dismantling forlewalls and filling in the insanitary trench was sanctioned by Government in their Proceedings no: 10479-80 / L. G. 33-97 dated 28th February 1898, and the work has been reported to be closed about a month ago. It is stated by the Amildar that the work in question, until recently, afforded relief to a no: of indigent labourers reckoned at 130 men, 87 women and 47 children and its sudden discontinuance for want of funds has thrown them out of employment and exposed them to some amount of hardship. It has been personally represented by some of the oldest residents of Channarayapatna town that the opening of the forte walls filling in of the insanitary trench and the sinking and deepening of wells has been the direct cause of the absence of that dire epidemic of Cholera which was till recently no unfrequent visitant of the town

to from the sum of Rs 5000/- placed at my disposal on account of the sanitary improvement of the rural tracts.

I have the honor to be,
Sir,
Your most obedient servant
